F7 (exploratory E2): projection on an escape axis built from U_abs rows vs the size of the downstream displacement
T10: axis AUC held-out 0.61, transfer to U_bf 0.72
T2: axis AUC held-out 0.52, transfer to U_bf 0.71
projection of unit delta h on the U_abs escape axis
||delta h|| at block 35, read position (log)
